

## CapillaryConcrete

### **We had a dream.... to build one of the world's best courses!**

This week's **European Tour** Nordea Masters at [Hills Golf Club](#), Gothenburg, Sweden has been over 20 years in the making. Some of the most challenging terrain imaginable, architect **Steve Forrest** of [Hills & Forrest](#) created a real masterpiece, a test for Europe's best players. Crystal white bunkers with **Capillary Concrete** bases are strategically placed around small and elevated greens that the players are praising as the best they have seen all year. Greenkeeper **Marcus Lilleberg** and his team have produced a miracle this record-dry summer and course is playing great!

---

**Washington Golf & CC, Arlington, Virginia**

[Washington Golf & CC](#) is undergoing a restoration under the guidance of [Tom Doak](#) and his associates. [LaBar Golf](#) is doing the finish work on the course. They are installing CapCon at the request of Corey Haney and Trevor Garbow who work for the club. Corey and Trevor installed a trial bunker last spring and it performed beautifully during the season. Construction will be ongoing over the next few months.

## What Our Clients Are Saying About CapCon

Superintendent Travis Levings at [Karsten Creek Golf Club](#) in Stillwater, Oklahoma is enjoying his Capillary Concrete bunkers. Instead of repairing wash outs, his crew is now able to focus on other areas of the golf course.

Travis Levings @TravisLevings · Jul 2

Our bunkers after 3.1" of rain in 24 hours thanks to @CapConGolf

1 9 23

**Blake Conant** @Dundee\_Golf · Jul 22

Replying to @mclendon\_rusty @CapConGolf @ToddS76

The real water test was Saturday. 4.8" in 24 hours. Impressive

Tom Doak associate Blake Conant says that Washington Golf & Country Club is enjoying 'impressive' results from their Capillary Concrete bunkers after 4.8" of rain in 24 hours.

**Mike Sprouse** @ROGCmike · Jun 29

We have 4 bunkers with Capillary Concrete liners. All performed fantastic in the recent 4.5" rain event. Looking forward to renovating more bunkers later this year.

Mike Sprouse at [Randall Oaks Golf Club](#) in Illinois 'can't wait to renovate more bunkers with Capillary Concrete in the fall of 2018'.

## Clearwater Bay, Hong Kong

The first bunker with Capillary Concrete and EcoBunker going into one of the most stunning golf courses you will ever see. GM Peter Downie heads a great team at this [private club](#) in Hong Kong. We wish we could all be members!

---

## Collier's Reserve CC, Naples, Florida

Capillary Concrete worked together with PermaEdge to build a shelf for edge placement at [Collier's Reserve Country Club](#) in Naples, Florida. The work was completed by Libold Irrigation.
